

Biography

JERRY W. COLEMAN

I have been involved with softball in some form since 1957 when I began coaching a women's fast pitch team. Since then, I have played, coached, umpired, or served as an administrator in softball.

I have served on the Utah ASA State Council as the Junior Olympic Commissioner since 1998. I have also served as the North District Commissioner from 1995 to the present. From 1994 to 1998, I served as the North District Junior Commissioner.

I have been Tournament Director for the Golden Spike Classic since its inception in 1990 and with the Utah Summer Games since 2000. I did take one leave of absence from softball from August 2001 to Aug 2002 in order to serve a mission in New Jersey for my church.

My wife, my four daughters, and three of my granddaughters are all proud to have played with teams in the Amateur Softball Association.
